LIVING ON SHAKY GROUND –

LESSONS OF LOMA PRIETA

A special two-day conference on earthquake safety and preparedness

On October 17, 1989 an earthquake occurred in the Santa Cruz Mountains. Many images of the resulting damage are unforgettable: the Bay Bridge, the Cypress Structure, the Marina, government buildings, businesses and thousands of homes were damaged around the Bay.

WHAT HAVE WE LEARNED? HOW CAN WE BE BETTER PREPARED?

Find answers to these questions and more on:

THURSDAY, OCTOBER 14, 1999
